Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: the present invention is drawn to intermediate compounds used in the synthesis of prostacyclin derivatives. The closest prior art of record fails to teach or fairly suggest said intermediate compounds; as such, claims 9-12 have been allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

The application has been amended as follows:

The following sentence has been added to the abstract:
